

The Castle on the Hill

In the spring of 1890, the City of Tacoma was a classic example of a western boom town, where the wealthy and affluent were becoming common place. Here was born the dream to construct a grand hotel on a bluff overlooking Commencement Bay. A world class hotel that would rival all others.

It was a dream that was not meant to be...

Out of the rubble of this dream arose another. A dream that would result in a high school so unique and beautiful it would take on a life of its own and become fertile ground for the dreams of many generations of Tacoma students.

"The Castle on the Hill" tells the true story of a Phoenix. A story of not only a school that rose from the ashes, but also the story of a city, its history and its ever lasting affection for Stadium High School.
